

Why you should want a JEWELL TONG THROWER

- PROFITABLE - More logs even in adverse conditions.
- PRODUCTIVE - Works great for thinning, selective cuts, and clear cuts.
- FAST & POWERFUL - Linepull to 25,000# and speed you won't believe.
- ACCURATE out to 300 ft. or more.
- ENVIRONMENTALLY FRIENDLY - Excellent in steep or wet terrain.
- FLEXIBLE - Tong throwing, shovel logging, log truck loading.
- SIMPLE - To operate and maintain..
- RELIABLE - Proven JEWELL dependability.
- SAFE - More logs per man hour on the ground.
